

INFOhio Digital Resources for the 21st-Century

**Keep SIRS Discoverer with special INFOhio pricing!
Act by September 30 to maintain your access.**

SIRS Discoverer delivers 21st-century resources that support reading, writing, and creative thinking at a time when information, media, and technical literacies are key to preparing Ohio's learners for higher education and workplace-readiness.

For over a decade, INFOhio has supported access to SIRS Discoverer for all Ohio students and their teachers. However, recent funding cuts mean your access through INFOhio **ends September 30**.

Universal access to online resources is critical to education because it levels the playing field for all Ohio students regardless of school size, location or fiscal resources. That's why INFOhio has worked to help you keep SIRS Discoverer in your district via [specially negotiated "Core Collection Plus" pricing](#).

The Bottom Line

You can save **more than 50% off** list price as an individual site; or save even more by participating as a district or Information Technology Center (ITC).

This means that for as little as 25-cents per student you can maintain the access to SIRS Discoverer that students, teachers, and parents have come to rely on.

Hurry now to lock-in this special pricing. But, acting by **September 30** ensures you'll also receive uninterrupted service.

Visit INFOhio for more details; or contact your local ProQuest representative directly for a quote.
