

What is SchoolRooms?

SchoolRooms offers a safe and innovative environment that helps engage both the reluctant and the studious learner. Using a single access point, parents, teachers and students can search online content that has been teacher certified and standard aligned. Organized by subject, SchoolRooms offers an affordable alternative to expensive supplements and remediation materials.

SchoolRooms was built by over 200 teachers, librarians, and educational consultants, brought together by SirsiDynix, INFOhio, and the Kent State University School of Library and Information Science. Designed around K-12 curriculum that meets state and national standards, SchoolRooms provides a conduit for parental and community involvement, while providing individualized instruction and encouraging discovery learning.

How will SchoolRooms help your school?

Teachers Use SchoolRooms

- Because it's **Standard Aligned** and **Curriculum Based**
- To Blend **21st Century Learning Skills** and Traditional Content
- To **Individualize Student Instruction**
- To **Integrate Technology** into their Curriculum easily and professionally
- **24/7 Access** to Resources

Students Use SchoolRooms

- To **search safely** in a learning environment created by educators
- To increase skills and knowledge for **assessment tests**
- As a tool to learn the English Language (**ELL/ESL**)
- To spend less time finding information and more time learning
- For information for **reports and projects, tests and homework**

Librarians Use SchoolRooms

- To provide **safe and effective** access to online resources
- To provide relevant, valid, and timely information
- For **24/7 access** to resources and curricular content
- To link to existing database collections via **federated searching**
- To blend **21st Century Skills** with traditional search techniques

Parents Use Schoolrooms

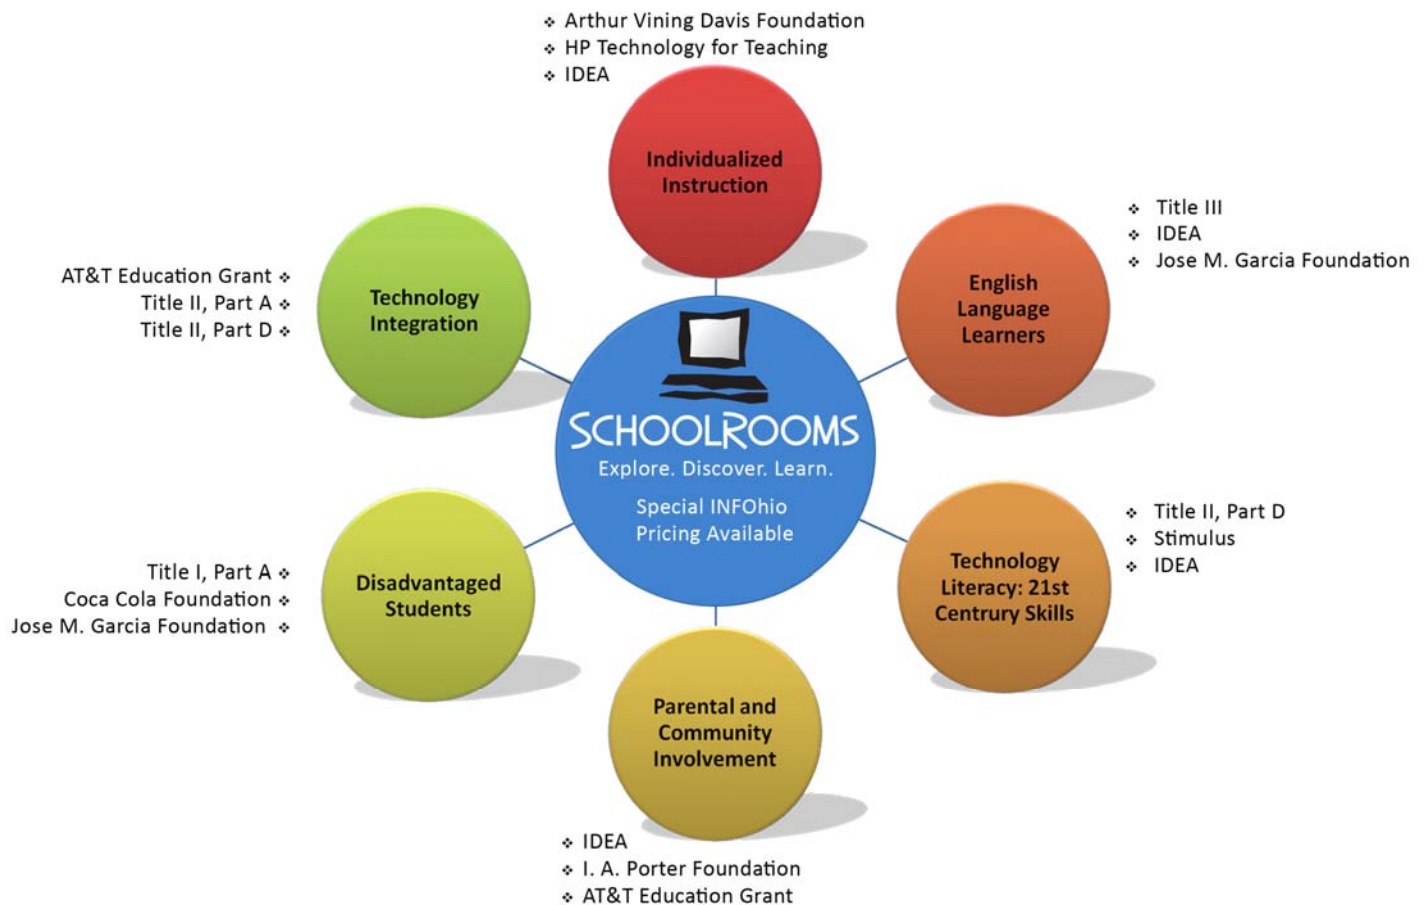

- To keep up to date with **new curriculum**
- To help children with **homework and projects**
- To help children with **difficult subjects**
- **To feel secure** with safe, valid searching
- For information on today's educational, social, and **parental issues**

Administrators use Schoolrooms

- Because they need a **cost effective tool** to help meet today's educational demands
- Because they want to increase student achievement to **reach AYP**
- Because they need to increase **ELL student test scores**
- Because they have a mandate for **parent and community outreach**
- Because they must assist teachers in addressing **21st Century skills and technology integration** to prepare students for tomorrow's workforce

How will your school pay for SchoolRooms?

Because it meets such a diverse range of education goals there are a variety of private and government grants
