Installing an INFOhio Shortcut to an Android Device*

1. Open your web browser and go to https://www.infohio.org

2. Different devices are arranged in different ways and use different wording. Find and click your device’s settings/menu button and then click “Add shortcut” or “Add to home screen” or the similar command.
3. Locate the shortcut on your home screen.

*Create a shortcut for INFOhio's ISearch, BookFlix, Storia, or any other INFOhio resource for easy access anywhere, anytime!
